Welcome to Silverline Montessori Cypress Towne Lake

It is December now and the winter months are around the corner. But before we break out the hot chocolate let's look back at November. In the beginning weeks of November, we had Parent Teacher Conferences. This was the chance to talk with teachers one on one to find out the strengths of each child. Conferences are a helpful tool for the students, teachers and the parents. We had a Thanksgiving Luncheon on the 15th. We had an amazing turn out! We want to thank all our parents who donated desserts and rolls to this event. The children loved spending their lunch time with their families!

There are many Holidays that we want to celebrate during the month of December. There will be different activities for the students to do during that time. Our first week of December the theme will be "Music around the World." The students will get to listen to different types of music that they may have never heard before. The second week will be the "Art Around the World." Similar to the music theme, they will be able to see different works of art created by artist around the world. The third week will be the "Winter Wonderland" theme to go along with the first day of Winter on the 21st. The students will be creating their own snowflake masterpieces during that time. To end December and to ring in the new year, we will be concluding with the "Holidays Around the World" theme. We want to wish everyone a happy holidays and happy new year!

Featured Staff Member- Ms. Suba Jay

Ms. Suba comes to us with over 24 years of experience. She is Montessori Certified with her AMI Diploma in Montessori Education and a Child Development Director Credential. She is a great asset to our Silverline family. She has taken the Primary B students to new levels and they will continue to grow with her. Her beautiful smile and warm personality greet her children every day and make each day of learning better than the one before.

Montessori Education

Montessori education offers our children opportunities to develop their potential as they step out into the world as engaged, competent, responsible, and respectful citizens with an understanding and appreciation that learning is for life.
